

PE

This term, as always, Class 6JB will be taking part in PE activities twice per week. Therefore, I would please ask your child to arrive wearing their PE kit on their PE days which should be; black joggers or leggings and a white T-shirt or polo shirt and their purple sweater. As PE is an important part of the National Curriculum, all children **must** take part. I would remind you that jewellery (including pierced earrings) should not be worn on days with PE activities.

6JB's PE days are:

Tuesday AM and Friday PM

Labelling clothes and belongings

Please ensure that all clothes, bags and lunchboxes are clearly labelled with your child's name. It is your child's responsibility to care for their own belongings. Please can I remind children to only bring their mobile phones into school if they are walking home alone and that they must be handed in to their class teacher at the beginning of the day.

Certificates

Your child has the opportunity during our whole school celebration assemblies to achieve an outstanding learner award, pupil of the week award, pen licence and, once a term, a foundation topic award.

Class 6JB Newsletter

Information
for Spring
2022

Here is a list of subjects that your child will be learning during the Spring term.

I hope this guide will help you support your child's learning.

English: Narrative – Rain Player by David Wisniewski

Some of the writing opportunities the children will have are:

Fiction: narrative- action sequence

Non-fiction: non-chronological report, explanation text, instruction and biographies.

The focus for spellings, punctuation and grammar this term are:

- Identifying and using a variety of clause structures
- Y6 Spelling patterns
- Secure knowledge of basic punctuation and learn higher level punctuation.

Reading: Key text – The Hero Twins against the Lords of Death and Step into the Aztec & Maya Worlds.

Reading comprehension skills will be a big focus to ensure that children fully understand what they have read and can discuss this confidently. The focus for reading this term will be to summarise the main ideas in a text, make inferences and justify them with evidence.

Mathematics

This half-term, children will be consolidating fundamentals of mathematics, and deepen their learning in the following areas: ratio and proportion, algebra, geometry, properties of shape, converting between different measurements and ensuring arithmetic skills are practised and remembered to support with reasoning skills.

Foundation Subjects:

This half term will see Class 6JB studying:

History – The Mayans– Changing Times

Geography – Amazon- Rainforests, economics and trade

Science – Evolution and Inheritance

RE –Salvation

MFL – Let's go shopping

Computing – Variables in games and sensing

Music – Traditional notation and composition

PHSE – Citizenship, Safety and our changing body and British Values

Art – Still life- Artists – Iberê Camargo, Paul Cezanne

DT – Structures- Automata toys

PE- invasion games and strike and fielding games

SATs booster clubs

We shall be continuing with SATs booster groups this term on the lead up to SATS in May. It is imperative that your child attends if they have been invited to ensure your child has the best chance in their education. If your child has permission, they may walk home alone afterwards.
