

PE

PE is a really important part of our Curriculum at ASMA as we believe in nurturing a healthy lifestyle, therefore all children are expected to take part.

This term Class Stuarts will be taking part in PE activities on WEDNESDAYS and FRIDAYS.

CHILDREN NEED TO COME TO SCHOOL IN PE KITS ON THESE DAYS.

Please remember that jewellery (including stud earrings) are NOT allowed on days with PE activities.

Labelling clothes and belongings

Please ensure that ALL SCHOOL CLOTHING and LUNCH BOXES are clearly LABELLED with your child's name.

It is your child's responsibility to care of their own belongings, however they often find this difficult!! If they misplace an item, it is really difficult to find out who it belongs to if are not labelled.

Whole School Celebration Assembly

If your child does something exceptional at ASMA, they may get a certificate celebrating their achievement. Two are awarded each week - STAR PUPIL + OUTSTANDING LEARNER.. We also award a WRITER OF THE WEEK who will keep a "Writing Oscar" on their table so everyone knows that they have achieved Writer of the Week.

Stuarts

Newsletter

Information for Autumn 2023

Welcome to the first of our newsletters. This year all the classes have new names and in year 3 we are The Stuarts, named after one of the important historical periods in British history.

English

Our writing will be based around the Stone Age Boy by Satoshi Kitamura which links to our history topic about the Stone Age. This is an adventure story about a boy who travels back in time to the Stone Age.

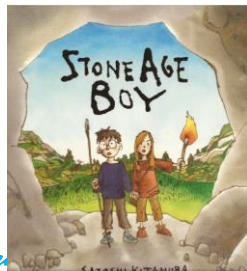

During our reading sessions the children are exposed to a variety of text types, a wide range of vocabulary and are taught a range of skills to help their reading and understanding.

Maths

We will be focussing on place value, addition and multiplication and division this term and buildileng on the skills that the children learnt in previous years. We will be using concrete and practical resources to support understanding before moving on to pictorial and abstract questions. The children will have opportunities to apply the skills they have learnt to solve problems and give reasons for their answers. Additionally, we will be focusing on arithmetic skills to enhance the childrens' skills.

Science

Animals including humans and rocks will form the basis of learning in science until Christmas. The children will learn about nutrition, skeletons, different rocks and how fossils are formed.

RE

In this term our theme will be "What is the Bible and why is it important to Christians?".

History

Our first history topic will be The Stone Age. We will be learning about how we have been able to find out about life in the Stone Age from the clues they have left such as Skara Brae and Stonehenge and what it was like to be alive in this period.

Art

Our art topic links to history so we will be creating art in the style of the Stone Age such as cave art using natural materials.

Geography

This term we will be exploring our local area and examining different land uses.

DT

We will be exploring seasonal foods.

French

This term the children will be learning vocabulary to talk about themselves and introduce themselves to others.

Keeping in Touch

Dojo is our main point of contact mini-dojo you are connected, check regularly and share any worries, questions and most of all, share the fabulous things your children get up to outside of school.
